HEALTH & SAFETY

Axios Construction believes that an incident-free working environment is both achievable and sustainable. Our goal is to prevent all injuries. Protection of human life is our highest priority. We emphasize that safety does not begin and end at our office doors – it should be an integral part of our everyday life – at work, home and when traveling.

QUALITY ASSURANCE

The responsibility for quality rests with each member of Axios Construction. All employees are expected to organize, define, plan, execute, control and verify the quality of their work in accordance with Customer requirements and to take actions to identify, correct and proactively prevent any non-conformity.
